GOLF: LIFE'S GREAT ESCAPE.

We believe in embracing the adventure that is life. Living beyond the status quo. Getting outside your comfort zone. Experiencing something new. Becoming something great.

This all requires courage, hard work and likely getting a little lost in the process. But if you are never lost – how can you ever be found?

Built for those who wander off the beaten path. For those that embrace golf as one of life's great escapes. This is TRUE.
We are golf.

TRUE was born in the woods of the great Pacific Northwest, amongst the pines, the mountains and the sea. It's in this environment that we've honed our craft and found our inspiration.

TRUE APPAREL

ENGINEERED FOR MOVEMENT

Countless years of development, several trips around the world and plenty of on-course R&D have led to our long-awaited, tried and TRUE Apparel Collection. So many brands compete to stand out with crazy prints and loud colors, but ironically, it's all starting to look the same. On the other hand, a couple of athleisure brands are making styles that cross over into golf, but they lack a real connection to the sport. Golf is in our DNA, so we're creating minimalist pieces that are amazing to play in but can cross over into everyday life at the office, at home, or traveling.
